"Successful First Year"

AID FOR EDUCATORS has completed its first year. On February 27 the IRS granted our [501\(c\)3 nonprofit application](#). We would like to thank Rep. Joe Barton and his staff for helping with our application process.

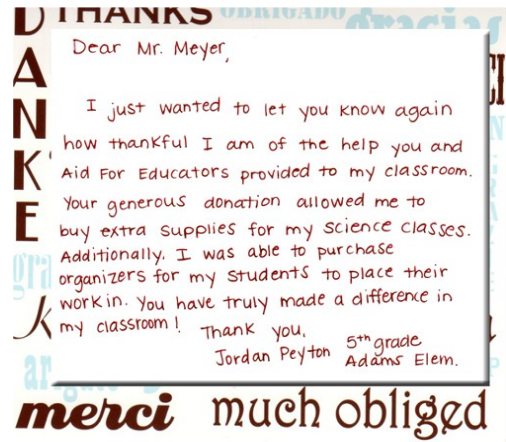

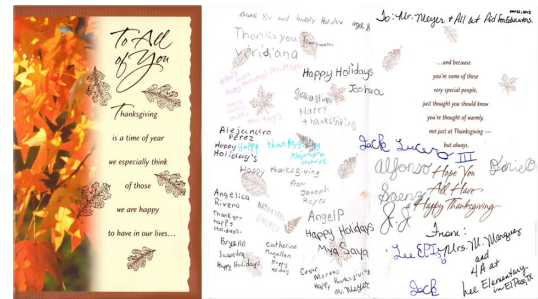

It was a slow start receiving donations and planning fundraisers but, in August we could start fulfilling teacher requests. We want to send a big thank you to our donors and partners for making this possible. Please, see our [donors page](#) for donor and partner information.

AID FOR EDUCATORS was able to help four first year teachers with supplies and gift cards. First year teachers spend their own money for classroom decorations, books and other supplies, before they receive their first payroll check.

AID FOR EDUCATORS was able to donate Android tablets to two teachers with low income students. They were grateful for having technology in their classroom.

In all we helped six teachers and over 135 students.

Our goal for 2014 is to help twice as many teachers and their students.
